Road Report:

The Supervisors got prices for line painting from Ross Industries (.05/foot) and Alpha Space (.0325/foot). Alpha Space will paint lines in the Township as well as some roads in Mt. Pleasant Township in order to reach the 10 miles required to receive the lower price.

Correspondence:

Information was received from MetEd concerning the street light on Route 97 and White Road. Resolution No. 92.006 was approved by motion of Snyder, 2nd by Moul, carried.**

At this time Supervisor Moul noted a conversation he had with Barry Hoffman from PennDot concerning the road improvements needed on Route 97 and Heritage Drive. Mr. Hoffman stated that the State would put the top on the road if the township would pay for the base for the passing lanes. The Supervisors will contact PennDot to find out where things stand with the SAMI plan and exactly what the situation is. The largest expense is the engineering work that needs to be done prior to any road work. Hilbert noted that it has been the intention of the Supervisors to make these improvements, and this has been worked on over the past 3 years with attempted negotiations. Mr. Hoffman will be contacted.

-Received a letter from the National Park Service concerning a meeting on land use and development planning around the battlefield. There will be a special meeting for Municipal Officials on October 14 at 2:00 p.m. at the Holiday Inn and another for the public that evening at 7:30 p.m. at the Biglerville Fire Hall.
