Letter from United Telephone that they will be placing a buried telephone cable under T-418 (Cemetery Road) at one location. This will be both for telephone and electric service to a new home that Mr. Plank is constructing along Cemetery Road. He confirmed that he will apply for all necessary highway occupancy permits.

A letter was read from Mr. Teeter that Mr. Hartman wrote him concerning perc but the state which mandates that all land must have percolation tests.

Russell Burr - complained about junk yard on the McAlister property. Also about a three wheeled vehicle race track on the same property. Supervisors advised that the junk yard is more than 500 feet from the road.

Junk Yards - Hollinger, Davies and Hartlaub have not responded to the letter that was sent to them regarding junk yard licenses. Another letter is to be sent to these three property owners concerning this.

Jake Stoltzfus - Has two mobile homes on his present property at two different locations. He has a percolation test done at the one site and would like to move both

mobile homes to the same location on his farm. Supervisors would like to see both the mobile homes moved together but now allow any further development on his farm unless he gets a 50 foot strip of land owned by him to a public road. Check with solicitor on this matter.

Flood Plain - nothing further to report.

Mr. Mearns was complaining about the water from the golf course flowing onto his property that Mr. Kehr is renting from. Supervisors to make gutter along the road deeper on his property to try to help keep the water from going into his field.

Meeting adjourned at 9:05 p.m.
